

23. A laundry detergent and/or fabric care composition according to claim 22 wherein said modified enzyme is present at a level of from about 0.0001% to about 2% pure modified enzyme by weight of total composition.
24. A laundry detergent and/or fabric care composition according to claim 23 wherein said modified enzyme is present at a level of from about 0.0001% to about 0.5% pure modified enzyme by weight of total composition.
25. A laundry detergent and/or fabric care composition according to claim 24 wherein said modified enzyme is present at a level of from about 0.0005% to about 0.1% pure modified enzyme by weight of total composition.
26. A laundry detergent and/or fabric care composition according to claim 22 further comprising a builder component.
27. A laundry detergent and/or fabric care composition according to claim 26 wherein said builder is selected from the group consisting of zeolite A, sodium tripolyphosphate and/or mixtures thereof.
28. A laundry detergent and/or fabric care composition according to claims 22 further comprising a smectite clay.
29. A laundry detergent and/or fabric care composition according to claim 22 comprising a cationic surfactant.
30. A laundry detergent and/or fabric care composition according to claim 29 wherein said cationic surfactant comprises two long alkyl chain lengths.
31. A laundry detergent and/or fabric care composition according to claim 22 further comprising a proteolytic enzyme.
32. A laundry detergent and/or fabric care composition according to claim 22 further comprising a bleaching agent.
33. A laundry detergent and/or fabric care composition according to claim 22 which is in the form of an additive, a pre-treatment, a post-treatment, a soaking treatment and/or a rinsing treatment composition.
